

# Reducing the Burden of Neurobehavioural Disability after Acquired Brain Injury: Past, Present and Future

Swansea University  
Prifysgol Abertawe

Presented in  
partnership with:

Where better comes together

This exciting one-day conference will bring together leading experts in acquired brain injury to provide an authoritative account of the conceptualisation, history and management of neurobehavioural disability. Delegates will gain increased awareness of the extent of the challenges neurobehavioural disability causes, and become familiarised with some of the latest thinking regarding assessment and treatment to enable more effective delivery of services.

The programme will appeal to all those interested and/or involved in the care of individuals with an acquired brain injury, including case managers, commissioners, rehabilitation and healthcare professionals, clinicians, academics and legal fraternity.

**28 November 2016 between 09:00 - 16.30**

**Swansea Marriott Hotel, Maritime Quarter, Swansea, SA1 3SS**

## Registration:

- Professional/Corporate - £75
- Student/Trainee - £50
- Survivors - a limited number of free places are available
